Instructions:

- Complete this form carefully and legibly in your own handwriting and send it to Shattuck-St. Mary's, P.O. Box 218, Faribault, Minnesota 55021. Use additional sheets, if necessary.

-
1. Elaborate further on your interest in the Shattuck-St. Mary's BioScience Program. Please include information about how this program will build on your current academic interests, utilize your personal strengths and ultimately assist in achievement of your career goals.

2. In addition to exceptional time management skills, personal qualities such as commitment, perseverance and adaptability will be essential for the BioScience Program student. Please discuss situations where you feel you have already exhibited these qualities.

3. Collaboration, either with mentors or other students, will be an integral component of the BioScience Program. Reflect on your teamwork experiences to date, describing examples of both productive and non-productive group interactions and their subsequent effect on your acquisition of collaborative skills.
