

# COVID-19 DECISION TREE

**Household member of a faculty/staff member is experiencing symptoms**

Did a household member develop a **cough** OR **shortness of breath** OR **two of the following symptoms**?

- |                  |               |                            |            |
|------------------|---------------|----------------------------|------------|
| » fever (100.4°) | » muscle pain | » congestion or runny nose | » vomiting |
| » chills         | » sore throat | » loss of taste/smell      | » diarrhea |
| » headache       | » fatigue     | » nausea                   |            |

**No**

We'll see you at school!

**Yes**

Stay at home and contact HR

Contact a health care provider.  
We strongly encourage you to  
arrange for a COVID-19 test

**Test**

Remain at home until test results arrive

**Negative**

Stay at home for 14 days  
OR obtain a medical  
evaluation with an alternate  
diagnosis for them

Alternate Diagnosis

Continually monitor yourself  
for symptoms and we'll see  
you at school!

**Positive**

Contact HR

Stay at home for at  
least 14 days  
Specific timeline will  
be provided on a  
case-by-case basis

**No Test**

Stay at home for 14  
days OR obtain a  
medical evaluation with  
an alternate diagnosis

Alternate Diagnosis

Continually monitor  
yourself for symptoms  
and we'll see you at  
school!
